NATIONAL TICKET VS. CAPITOL

Our readers all know that Bryan and silverism are the unanimous choice of the democratic party, and we are certain that if not one line was written or speech spoken in their beha'f, so far as Marion county is concerned or the state of Florida, they would be elected. It remains for the voters of the doubtful states to make their victory assured, and as the Star has no influence and few readers among them, we do not propose to crack the ethereal dome in blood curdling editorials, as the question of the removal of the state capitol has personal and pecuniary interest to Marion county and Ocala far greater than all the democratic presidents, could they be elected for a century to come. Therefore, the Star, while favoring the election of Bryan and Stevenson, is first and foremost in favor of securing the location of the state capitol in Ocala, and to that end all our spare time, space, money and wind will be devoted to this paramount and most vital question to this community, and we are confident every home or non resident reader of the Star will heartily approve our course.

CRITICAL PERIODS

In Woman's Life Are Made Danger ous by Pelvic Catarrh.

Mrs. Mathilde Richter, Doniphan, Neb., says:

"I suffered from catarrh for many years, but since I have been taking Peru-na I feel strong and well. I would advise all people to try Pe-ru-na. As I used Pe-ru-na and Man-a-lin while I was passing through the change of life, I am positively convinced your beneficial remedies have relieved me from all my ills."

Pe-ru-na has raised more women from beds of sickness and set them to work again than any other remedy. Pelvic catarrh is the bane of womankind. Peru-na is the bane of catarrh in all forms and stages. Mrs. Col. Hamilton, Columbus, O., says: "I recommend Pe-ru-na to women, believing it to be especially beneficial to them."

Recent investigations by the authorities of several States have at-

tracted attention to proprietary medicines, and there is a marked disposition to draw a sharp line of distinction between mysterious nostrums and worthy articles of scientific compound and known character.

"Many proprietary medicines," says a leading physician, "are the best possible prescriptions for the diseases which they are made to cure. It is certainly only reasonable to expect that chemists of world-wide reputation and unlimited resources ought to make compounds with excep-"Lightning Strikers:" W. E. Veal, tional skill, and it is manifestly to their interest to have their ingredients fresh and pure. Take, for example, Lippman's great remedy, popularly known as P. P. P. The formula is on every bottle. Every physician knows that the ingredients are the best possible remedies for purifying the blood, and the compound is a scientific one, which increases the efficiency of the whole. I sometimes prescribe special mixtures for Blood Poisoning, Scrofulous Affections, Catarrh, Eczema and other complaints arising from impure and weak blood, but I always feel safest in prescribing P. P. P., especially where

I am not personally acquainted with the druggist. In prescribing P. P. (Lippman's Great Remedy), I know I am taking no chances." When doctors feel such confidence in a standard remedy, it is
